Dr. Bruce Britton rejoined Incyte Diagnostics in 2024, having previously served with Incyte from 2013 to 2017. Dr. Britton is board certified in anatomic and clinical pathology, and he is fellowship trained in gynecologic and breast pathology.

He earned his medical degree from the University of New Mexico and his undergraduate degree in General Science from Seattle University, where he graduated summa cum laude. His medical training includes an internship at Penrose Hospital System in Colorado, a residency in anatomic and clinical pathology at Tripler Army Medical Center in Honolulu, and a fellowship at the Armed Forces Institute of Pathology in Washington, D.C..

Dr. Britton has held numerous leadership roles throughout his career, including Laboratory Medical Director at Valley Medical Center in Spokane Valley, WA, Shoshone Medical Center in Kellogg, ID, and Lincoln Hospital in Davenport, WA. He also served as the Laboratory Medical Director at several healthcare centers across Montana, including St. Luke Community Hospital and Powell County Memorial Hospital.

In addition to his clinical work, Dr. Britton has contributed to various academic publications. He has also participated in panel discussions and advisory committees, including for the Susan G. Komen Foundation's Breast Cancer Survivorship Conference.
