Dr. Conway joined Incyte Diagnostics in 2023. He is board certified in anatomic and clinical pathology as well as cytopathology.

Dr. Conway graduated with a bachelor's in physics from Brown University. He obtained his medical degree at the University of Tennessee Center for the Health Sciences in Memphis, TN. He received a Special Achievement Award for scholarship and leadership, and he was a member of the AOA medical academic honor society.

He completed his residency in anatomic and clinical pathology at Hennepin County Medical Center in Minneapolis, MN. Following his residency, he completed a fellowship in blood banking at the University of Minnesota.

From 1996 to 2005, Dr. Conway served as the Medical Director at Quest Laboratory in Minnesota.

In 2007, Dr. Conway received the Touchstone Award at St. Francis Regional Medical Center for outstanding leadership service and embodiment of hospital value. Here he served as the Laboratory Medical Director, Chief of Staff, as well as a chairman on several committees.

In 2013, Dr. Conway became a founder, president, and owner of Teton Pathology. Recently, he has served as the Medical Director for Teton Pathology, SageWest Health Center Laboratory, Pinedale Medical Center Laboratory, and St. John's Medical Center Laboratory in Wyoming.

Dr. Conway has an extensive background in cytopathology including strong experience in cervical cytology, thyroid FNA cytology, and urine cytology. He

also has hematology experience including interpreting flow cytometry. In addition, Dr. Conway also has dermatology, GYN pathology, molecular pathology, urologic pathology, and blood banking experience. Throughout his career, he has participated in tumor boards.
