Dr. Joseph Hibbert joined Incyte Diagnostics in 2024. He is board certified in anatomic and clinical pathology and has subspecialty interest in hematopathology. Prior to joining Incyte, Dr. Hibbert served at Evans Army Community Hospital, where he held multiple leadership roles, including Chief of Point of Care Testing and Chief of Clinical Pathology. Additionally, he served as the Remote Medical Director for Irwin Army Community Hospital.

Dr. Hibbert completed his residency in Anatomic and Clinical Pathology at Madigan Army Medical Center in Tacoma, WA. During his residency, he served as the Pathology Medical Student Coordinator, GME Resident Council Representative, and was a Resident-at-Large for the Pacific Northwest Society of Pathologists. He consistently scored in the top percentiles on his Resident In-Service Examinations and completed the Combat Casualty Care Course. He holds the rank of Major in the United States Army.

Dr. Hibbert earned his Doctor of Osteopathic Medicine from Pacific Northwest University of Health Sciences in Yakima, WA. He also holds a Bachelor of Science (BS) in Biology from Oregon State University in Corvallis, OR.

His scholarly activities include multiple publications in pathology, with case reports featured in the American Journal of Surgical Pathology and contributions to the Quick Compendium of Surgical Pathology. Dr. Hibbert has

also presented abstracts at national conferences, including the College of American Pathology Annual Meeting. Dr. Hibbert is also a College of American Pathologists Inspection Team Leader and has participated in proficiency testing through CAP.

Dr. Hibbert's professional recognitions include the Army Achievement Medal and the Army Superior Unit Award for Madigan Army Medical Center.

In his personal life, Dr. Hibbert enjoys exercise, particularly soccer, hiking, and biking, along with hobbies such as gardening, reading, and music. He also enjoys spending time with his children and dogs.
